

SALON POLICY

There will be changes within the salon, as you will read below, to ensure the health of myself and my customers for your future appointments. These changes are there to provide a safe environment to enjoy your treatments, however the relaxing and enjoyable environment within the salon will remain and will be my priority to provide you an enjoyable experience as well as a safe one! Thank you very much in advance for your understanding and patience!

*If you show any of the symptoms like cough or temperature or generally feeling unwell please inform me prior to the appointment so we can reschedule at a time that you are feeling well and fit again.

*Please attend by yourself if possible at your appointment but if you may bring someone it should be one person from your household.

*Please arrive on time for your appointment or it could result in reducing the time of your treatment.

*It is not allowed to provide hot beverages anymore in the salon due to contamination Please feel free to bring your own drink if you wish. Water will be provided though.

*The salon and all the equipment used throughout any treatment will be cleaned and disinfected after every customer.

*Washing your hands or using a sanitiser that will be provided is mandatory in the salon when you enter and exit the salon.

*As my responsibility as your beauty technician, I will be wearing a face mask or a visor throughout treatment and sanitising my hands regularly. The necessary screen on the nail bar will be up for extra protection. I would advise my customers to bring their own mask if not it will be provided to you at a very small cost of 50p.
